BATTLE ANALYSIS

BY LIEUT.-COL. REFININGTON.
(EXCLUSIVE DISPATCH.)

LONDON, June 13.—The
French counter-attack against
the enemy on the St. Maur-
Rebecourt front continues to
gain ground slowly and gives
the necessary answer to the
German War Minister, Von
Staeweg, who had incautiously
asserted that Gen. Foch's so-
called army of reserve existed
no longer.

At the same time we must
admit the enemy has gained
practically all the hilly district
southwest of Noyon, which he
claimed, and that the extension
of his gains to Anthonville and
Montmery, leading as it
seems to have done, to the with-
drawal of the French across the
Oise from Montmery to Re-
becourt, implies another loss of
valuable positions.

It is now reported that twenty-
five German divisions, Ver-
haps 200,000 men, are iden-
tified on the Montdidier-Noyon
front, and that a few of them
have been borrowed from the
northern armies. The possession
of the wooded and hilly coun-
try south of the Oise and the
extension of the attack to the
field must be anticipated.

Among the German army corps
engaged in the attack on
Sunday we recognize two of our
assailants of March 21, namely,
the corps of Von Dettinger and
that of Von Wobers, both be-
longing to Von Hutier's Eight-
eenth Army, and, on the whole,
it seems the Crown Prince's
group of armies is the most
of the work and that the north-
ern armies have not been heav-
ily strayed upon.

LUEDENDORFF'S PLANS.
Even if Ludendorff has ac-
... (Continued on Fourth Page.)

These statements are in keeping
with the information I have from a
reliable source to the effect that in-
structions have been sent around to
the German press, informing the
newspapers that it will be advisable
gradually to prepare the public
of the active participation
of American forces in strength on
the western front.

Such orders are being carried out
in typical German style and just as
the authorities doubtless desire.
Numerous correspondents have been
permitted to report that there are
100 Americans on this side of the
water. Having said so they pro-
ceeded to claim the fatherland's
troops with the assurance that
half that number are employed on
the lines of communication, while
the other half are worth nothing.

So far the official and semi-official
statements have nothing but Ameri-
can defeats to report, but the fact
that the American forces are mak-
ing themselves felt is one that can
no longer be hidden from the Ger-
man people, and these quotations
are given to show that the authori-
ties think it well that the period
of wild, unbridled sneering and despi-
sing of the Americans as actual factors
on the western front had better be
brought gradually to a close.

Information comes from Ger-
many to the effect that the people's
attitude has become one of stub-
born, unenthusiastic waiting.
A question which is being frequently
asked is, "Where are the Aus-
trians?" Indeed, it cannot be hid-
den from the people that Austria
has not lived up to, and is unable to
live up to, the promises of her
statesmen on the eve of the offensive.

WASHINGTON, June 14.—The
aid that the American army is bring-
ing to the Allied forces in France is
made light of by Lieut.-Col. Baron
Karl von Ardenne, the military
part of the Berlin Tageblatt. He
says:
"The artillery counter-attack by
the Americans was conspicuous by
its absence in the fighting at Bal-
leau Forest on June 7 and 8. It
seems, therefore, that the American
command has not fully seized the
principles of joining the two arms
of the artillery and the infantry."

AMSTERDAM, June 13.—"Ameri-
cans, has hitherto only threat-
ened us by means of military
statistics, but now she appears her-
self on the field of battle. She has
come out of the stage of prepara-
tion for war and entered that of the
actual fighting," so says Gen. Von
Liebert, military critic of the Tag-
liche Rundschau of Berlin. He
terms the United States Germany's
new enemy. He cannot help ex-
pressing surprise that nothing has
been heard about the sinking of
American transports by U-boats and
hopes that Germany's latest under-
sea cruises are after that prey.

The Tagliche Rundschau, edito-
rially informs its readers that the
war has entered the American
stage, the last and greatest of all,
and that the German authorities
know full well that the final part
of the struggle is not far off.

BERLIN SEES DOOM IF ALLIES CAN LAST TILL AMERICANS COME

Rule or Ruin.

Every Ounce of Teuton Strength is to be Hurled Against
Foch's Lines in an Effort to Win Before Our
Troops End Hunism Forever.

BY EDWIN L. JAMES.
(ATLANTIC CABLE—EXCLUSIVE DISPATCH.)

WITH THE AMERICAN ARMY ON THE MARNE, June 14.—It is now or
never with the Kaiser and he knows it. That is why every soldier, every
gun, every airplane that America can put in France in the next four months
will be needed as it will never be needed again. Every resource, every ounce of
strength that the German high command can send against the Allied lines in the
next four months will be hurled forward.

The Allied armies must from now on face offensive after offensive until the
German army is exhausted.

It is definitely known that the leaders of Germany have reached this decision.
Their armies have been placed in one giant system of attack and rest, attack and
rest, so long as it lasts. The Kaiser has staked all on beating the Allies before win-
ter, for he knows he cannot do it next year when 2,000,000 Americans will face him,
2,000,000 of the hardest fighting men his soldiers ever met.

KAISER PLANS CAPTURE OF VAST SALIENT.
Captured German officers say, and they are supported by captured documents,
that the immediate German plan is to make one straight line from Montdidier to
Compiègne to Chateau Thierry. A glance at the war map shows that to do this
they must take from the Allies a salient about fifty kilometers across the base and
twenty deep at its deepest point.

When this is done, their plan is to hammer and hammer until Paris is reached.
It is an out-and-out battle for the next four months, probably the hardest fighting
the world ever saw. It is the Allies' task to hold the Germans during these four
months. The Americans will play an important role in that task, fighting with the
aim of holding the Boche until they can get after him overwhelmingly next year.

GERMANY'S FEAR OF AMERICA GROWING.
Germany fears America, and that fear is growing. At first the high command told their
officers and the officers told the soldiers that the Americans could not get to France because the
U-boats would stop them.

Then the German fighters began to find Americans appearing against them here and there,
and finally at many points. Then the officers told the German soldiers the Americans would not
fight; and more, and more of them are learning it every day.

There is no lack of evidence that the German populace fears America's power in the war,
and no question that the Boche high command is seriously perturbed at the results when the real
news of the Americans' fighting gets back to the people.

AMERICAN SOLDIERS BEST IN FRANCE.
In no spirit of boastfulness, it may be said that the American fighters, with a proper amount
of training, are the best fighters in France today. The soldiers of other armies of necessity
are tired after nearly four years of fighting, but the Americans are fresh, fresh in spirit and physically
fresh.

Other soldiers hope that Germany will be beaten; the American soldiers know that Ger-
many will be beaten. And Germany knows that Germany will be beaten, unless she wins in the
next four months.

That is her only chance, and she will play it for what it is worth. Everything is to be
thrown into that effort. There will be ruthlessness and there will be frightfulness.

born in Kiel, Germany, and who is being investigated upon the charge that he is an unregistered alien enemy, but at the City Jail, where he was taken for questioning, he is alleged to have upheld the Kaiser and denounced the United States government. He was then immediately assigned a bunk in the jail.

When asked if he had purchased any Liberty Bonds, Lampf is alleged to have replied in the negative and to have added that, furthermore, he did not want any, although admitting possessing a bank account of \$20,000. He is said to have admitted that he gave \$20 to the German Red Cross, and to have declared that he intended to return to Germany immediately upon the close of the war. Lampf is about 35 years old and resides at the Carlton Apartments.

Following his preliminary hearing before Justice of the Peace E. H. Underwood this afternoon, J. C. Diamond, charged with violating the State medical law, was bound over to the Superior Court for trial. The courtroom was crowded with "Dr." Diamond's followers, mostly nervous women who upset the judicial calm of the proceedings with outbursts in support of the alleged faith-cure doctor. Witnesses testified that Diamond maintained that he had an apocryphal mental power to cure any disease when he got in the proper "attitude." One woman declared her belief that Diamond was above the physician and the church and the equal of Jesus Christ himself.

Evidence against the accused was submitted by Detective Earl Winter and E. V. Denney of the local police force and Inspector J. M. O'Connell of the State Medical Board.

BREWER'S PROFITS VS. LIVES OF MEN.

NEW HALL, June 14.—The Newhall and Sausage branch of the Red Cross has gone on record in favor of national prohibition as a war measure, as indicated by the following resolution adopted at a recent meeting of the organization:

"We, the members of the Newhall and Sausage branch of the Red Cross Society, and the following request and demand to the California members of Congress and Senate:

"We are willing, and we are willing to be saved, if by these means we can in any way add to the efficiency, comfort or safety of those who are risking their lives for our protection; and while we are doing this, and shall continue to do so, we ask that you further protect them, and assist us, by immediately enacting non-dry legislation as a war measure. We protest the placing of the brewers' profits against the lives of our sons and brothers, or the placing of the wine on a few acres of land against the winning of this war, as holy writ declares that 'Wine is a mocker and whoever is deceived thereby is not wise,' and those of you who fail to heed our pleadings now need not expect to receive our suffrage when asking official positions at our hands."

Perkins of New York are to be met in a general conference to be held at San Francisco, June 25, by a committee from this city in connection with the financial drive which is to be conducted next fall. An effort is to be made to bring both Dr. Mott and Mr. Perkins to Pasadena.

The local committee named by I. A. Boardman, president of the local Y.M.C.A., to go to San Francisco will be Dr. John Willis Bar, J. R. Macdonnell, S. Hazard Halstead, D. B. Gamble, J. H. Henry and Stuart W. French.

ELKS FLAG DAY.

Members of the G.A.R., strong men and women, kept during the glorification of Old Glory by the Pasadena Lodge of Elks who held their annual ritualistic flag day exercises in Library Park. For the first time in the knowledge of the officers of the lodge, the exercises have been held in the open air. It has been the custom to invite the members of the G.A.R., who look upon their annual invitation as a privilege. Last night the veterans were seated in a reserved section.

The feature of the exercises was the altar service on which was built a floral Liberty Bell. Four officers of the lodge each placed sections of the bell in red, white and blue, and a fifth officer placed the beam. After the introductory exercises, Chaplain Frank H. Randall pronounced a short prayer. A selection by the band closed with the singing of the "Star Spangled Banner" by the gathered throng.

Walton J. Wood read the "Record of Our Flag." Mrs. W. H. Elwell sang "Our Pledge to Kaiser Bill," accompanied by the band. The Elks "Tribute to the Flag" was read by Thomas E. Thompson. "Our Flag" was rendered by Arthur K. Wyatt and the oration was given by Judge Paul J. McCormick. A medley of patriotic airs was sung by the quartette of the lodge. Exalted Ruler Bernard J. Leonard spoke the closing words.

DELIVERS ADDRESS AT FEAG DAY EXERCISES GIVEN BY THE ELKS LODGE.

LOCAL CORRESPONDENCE.
REDLANDS, June 14.—Gov. William D. Stephens was the honored guest of the Redlands lodge of Elks tonight at their flag day exercises held at the municipal amphitheater and about 3000 persons heard his address. The Governor spoke feelingly of the great work being done by the State of California in helping to win the war, and said that the people of the State will make any and all sacrifices they are called on to make to help bring the war to a successful conclusion.

The Governor spoke of the various activities throughout the State, the great work of the Red Cross, of the Defense League, of the work being done by the lodge and the Y.M.C.A. in the training camps, and of all that has been done in food conservation.

The officers of the Elks gave their ritualistic exercises, the Schubert Quartette sang, and Gordon Rucker gave the flag to the Elks. Dr. A. R. Schultz gave a tribute to the flag, and the municipal band gave several selections.

Before the exercises Gov. Stephens was the guest of honor at an informal reception given by the Elks at their beautiful home on West State street, and a dinner was given for him at the University Club. LEMON GROWERS SMILE.

LOCAL CORRESPONDENCE.
UPLAND, June 14.—Growers of lemons in this district are wearing a smile these days, as a result of the flattering prices which that fruit commands in the eastern markets at this time. There is a splendid crop, and this is going to help overcome the "deficiency" caused by the lack of an orange crop this season in Nevada. The outlook for next season's naval crop, also, seems especially good at this time.

SOCIALIST DECRIES PRESIDENT; ARRESTED.

LOCAL CORRESPONDENCE.
LOS ANGELES HARBOR, June 14.—Orland N. Silverstrand, an employee of the San Pedro Packing Company's East San Pedro cannery, lost his job and was only saved from a beating at the hands of his fellow employees when he made a series of seditious remarks today. When placed under arrest he said:

"I am a Socialist and believe that if the United States wanted to go to war they should have put the question up to a vote of the people. I believe President Wilson is incompetent. I did not subscribe to the Liberty Loans or the Red Cross because I think it humiliates the soldiers to have them think the people have to shell out money for them all the time."

He put up a fight when arrested by Agent Reichenberg of the Department of Justice. Silverstrand pleaded not guilty to a charge of disturbing the peace when taken before Judge Crawford and asked for a jury trial. His case was set for July 1, and he is held under \$1000 cash bail. He has a wife and son living at Terminal Island and is 47 years old.

MUSIC GALORE AT BAY CITY BEACHES.

LOCAL CORRESPONDENCE.
SANTA MONICA, June 14.—Signor Manfredi Chiffarelli and his famous Italian band will open a three-month engagement at the Santa Monica pleasure pier, this afternoon at 3:30. An especially fine programme has been prepared, including both classical and patriotic music. Signor Italo Picchi, basso, will render vocal solos Saturday and Sunday afternoon. There will be a concert by the band every afternoon at 2:30 and every evening at 8, for the next three months, which, with the band at the Ocean Park Plaza, makes this the only beach in this State with two municipal bands.

Signor Chiffarelli is one of the most talented band leaders in the country and his engagement for Santa Monica beach will do much to make the north and of the Crescent Bay attractive to tourists and pleasure seekers this summer. All the concerts will be given in the public band stand on the Santa Monica pleasure pier. This stand is so constructed that the music can be heard from automobiles parked along Appian Way, a street which has just recently been opened along the ocean front south of the entrance to the Santa Monica Municipal Pier.

With many army and navy people at "Hotel del Coronado," no wonder the resort is popular.—[Advertisement.]

CITY ROMINGER LAW IS SOUGHT.

League Formed to Supplant Gandier Ordinance.

Would Permit Cafe Service up to Midnight.

Rescue of Southland's Grape Industry an Object.

Another anti-saloon movement was launched yesterday when announcement was made of the organization of the Los Angeles Rominger League. The purpose of the league is to make the Rominger Bill become effective in Los Angeles within thirty days after the November election, instead of July 1919, as provided in the State Rominger law.

It was stated that a large number of leading property owners will back the league. They own the buildings formerly occupied by the big cafes which were forced to suspend business when the Gandier ordinance became effective.

If the local Rominger Bill is adopted by the people, cafes and hotels would be permitted to serve beer and wines with meals up to midnight. At present this privilege is cut off at 9 o'clock and it is said that nearly every cafe owner is operating at a loss. That there will be more empty buildings within a short time unless the cafe men are given more latitude is the prediction of the Rominger League.

The Rominger Bill does not permit the sale of strong drink, nor does it allow the running of saloons. It is almost identical with the Gandier law, the principal difference being that cafes can stay open until midnight and those having liquor permits may sell sweet as well as sour wines.

One of the arguments of the league is in the interest of the grape industry of the Southland. Most of the wine made from the grapes of Southern California vineyards is sweet, and its manufacture has been greatly reduced by the Gandier law. It requires more than 14 per cent of alcohol to preserve sweet wines. The Rominger Bill fixes the limit of alcohol at 21 per cent.

While working for the local bill, the league also will get behind the State measure, it is said.

LYLE PLEADS GUILTY.

Man who is Said to be Civil Service Commissioner's Protégé Admits he Committed Burglary.

Manuel Lyle pleaded guilty to burglary in Superior Judge Willis's court, yesterday, and he will be up for sentence and probation on the 18th inst. Lyle, who is said to be a protégé of Charles R. Burger, the civil service commissioner, figured in a case involving the theft of a \$100 Liberty Bond in one of the justices' courts, several weeks ago.

SHIPYARD EMPLOYEE HELD AS A FORGER.

Deputy District Attorney Heinicke issued a complaint yesterday charging Robert K. McClellan, a storekeeper at the plant of the Southwestern Shipbuilding Company, with forging three instruments, providing for the payment of \$1944. McClellan is in the County Jail.

McClellan was employed at the Harbor until June 4, and is charged that he forged requisitions of the purchasing agent. The check, calling for the payment of the money was made, it is alleged, in favor of Harry Frank Lamar, but it was intercepted before it could be delivered. Lamar was not taken into custody.

REALTY MEN GIVE CLINE INDORSEMENT.

Prominent real estate men have endorsed the candidacy of Sheriff Cline for re-election and have made plans for the creation of an organization to aid in his behalf. Yesterday it was announced that the realty dealers have called a meeting for next Wednesday when they will perfect their plans for the campaign.

Among those who have endorsed the Sheriff are Charles G. Andrews, H. H. Cotton, Bryan & Bradford, R. A. Brown & Co., Clarence W. Whitsett, Cyrus Grant, J. W. Hill and William Huntington Cooper.

THREE BREAK WHEAT RULES.

Restaurant Jury Convicts Eating-house Men.

Box Lunches will be Watched More Closely.

Stricter Sugar Regulations in Effect Today.

Three Los Angeles restaurant proprietors were found guilty of violating the rules of the United States Food Administration regarding the serving of wheat products in public eating places, at the first meeting of the Los Angeles restaurant jury, held yesterday afternoon in the offices of the local Food Administration, 318 L. N. Van Nuys Building.

Five cases were set for trial. One was dismissed and one defendant failed to appear. The case dismissed, the first on the docket, was that of a restaurant owner who had placed too much wheat bread and pastries in a box lunch. It developed that the box lunch business is one of the hardest to keep check on. In dismissing the case the jury requested the press to state that every restaurant owner must hereafter receive a statement from the customer stating how many persons served wheat lunch for, and the Food Administration will hold the restaurant owner strictly accountable for the amount of wheat products that go into each box.

The second case was of a man who had served two slices of toast and later served the same customer three more slices of bread. He was found guilty after the jury had deliberated only five minutes.

FLAGRANT VIOLATION.

The third case proved the most flagrant violation, three separate charges being made against the defendant. Serving wheat products, such as spaghetti and macaroni, after 5 p.m. and on wheatless days, serving wheat bread without the specific order of the customer, and serving a second portion of bread were the accusations.

Ignorance of the actions of his waiter was the defense of the defendant. Serving wheat products, such as spaghetti and macaroni, after 5 p.m. and on wheatless days, serving wheat bread without the specific order of the customer, and serving a second portion of bread were the accusations.

The fourth case was for serving wheat products after 5 p.m. This defendant was a Greek, who asserted that he could neither read nor write English. He had an interpreter present. The fact that a violation had been committed made the jury return the only verdict possible, that of guilty.

The fifth case was for serving wheat products after 5 p.m. This defendant was a Greek, who asserted that he could neither read nor write English. He had an interpreter present. The fact that a violation had been committed made the jury return the only verdict possible, that of guilty.

ADVERTISING MEN TO DISCUSS CONVENTION.

Plans Will Be Made at Luncheon to Attend San Francisco Meet.

At a luncheon of the Advertising Club of Los Angeles at the Hotel Clark next Tuesday, Celestine J. Sullivan, Pacific Coast representative of the Associated Advertising Clubs of the World, will deliver the organization's formal invitation to the advertising men of this city to attend the fourteenth annual convention of the Associated clubs to be held at San Francisco from July 7 to 11. Mr. Sullivan will be introduced at the luncheon by Gov. Stephens.

In connection with the luncheon, Mayor Woodman yesterday issued the following proclamation: "Whereas the fourteenth annual convention of the Associated Advertising Clubs of the World is to be held in San Francisco from July 7 to 11, next;

"And whereas President Wilson in a letter to Frank H. Abbott, Jr., general director of the convention, has said that he had roundly commended the men of the country faithful and loyal allies in bringing the nation to a common spirit and purpose in these days of crisis;

"And whereas Celestine J. Sullivan, the savior of the Pacific Coast, who has been elected to the position of official invitation to the business men of the country, will be the chief speaker at the luncheon of the Los Angeles Advertising Club at the Hotel Clark;

"Therefore I urge the business men of Los Angeles to attend this convention in order that they may obtain, through Mr. Sullivan, a closer understanding of the serious purposes of this important convention of business men."

It is expected that fully 1000 from Los Angeles will be present at the sessions.

STATE DONATES TONS OF FLOUR.

Sixty-five Thousand Barrels Gathered in West.

Member of Grain Corporation is Here on Visit.

Marketing of New Wheat Receiving Attention.

R. A. Lewin, member of the United States Grain Corporation, Food Administration for California, Nevada and Arizona announced yesterday that more than 45,000 barrels of wheat flour have been shipped to France, representing a partial amount of the wheat flour assembled in his district since the recent Statewide survey of wheat flour stocks, and an excess amount over the three pounds of wheat flour per person per month rule which recently went into effect. Mr. Lewin is at the Van Nuys.

He also stated that W. T. Bishop has been chosen as head of the local propaganda for voluntary contributions of wheat flour in this district. Within a few days Mr. Bishop will begin to accept contributions. He also stated that the amounts must be in one-eighth barrel or twenty-four pounds. This contributed flour will be shipped to France as the direct contribution of Southern California.

Mr. Lewin also stated that the price of wheat flour substitutes are now on a decline and that an even greater reduction in prices can be looked for in the near future.

LEASE LAND FOR HARBOR HOMES.

Council Agrees to Granting Twelve Acres on Terminal Island.

With only two dissenting votes, the City Council yesterday approved the leasing of twelve acres of Terminal Island to Dr. H. H. Stone, the land to be occupied by homes for employees of the shipbuilding plants. The lease will immediately start the erection of 325 homes, which will be rented for \$15 a month each.

Councilmen Conaway and Mallard objected to the action, raising technical points. The majority of the Council members said that, inasmuch as the Harbor Commission had approved the plan, and as the homes are needed as a "war measure," they would not do anything that might hold up the project.

The lease will be revocable in five years, at the expiration of which time the city may take over the houses by paying the lease a certain percentage of the original cost of the buildings. The construction must be done under the rules of the State and city housing departments.

The War at Home

Eight indictments, including six secret, were returned at yesterday's regular weekly session of the Federal grand jury.

Clara Johnson was indicted for violation of the Espionage Act. She was arrested two weeks ago by Mrs. Wolf Bassett, wife of the United States deputy marshal at South Pasadena, on a charge that she spoke disrespectfully of the Red Cross when approached for a contribution.

L. N. Legendre of Sierra Madre, a cartoonist, was indicted under the same act. He was arrested by agents of the Army Intelligence Bureau after having been requested to contribute to the Red Cross at a downtown office in which a photograph had been installed. He is alleged to have said that the American flag was a big defeat when German U-boats appeared off the east coast and sank a number of ships.

He also is said to have made other remarks of a pro-German character.

COLLEGE AND CHURCH ARE BENEFICIARIES.

IOWA MAN WHO DIED AT HOME IN PASADENA LEAVES LARGE ESTATE.

A petition was filed in the probate court yesterday by Fred C. Smith, Leland A. Smith and Stanley R. Smith, sons of James A. Smith, who died in Pasadena, January 12, 1918, for an order admitting to probate the will of the deceased. He was a former resident of Mitchell, Iowa, and left a considerable real property valued at about \$200,000.

To the widow, Mary Alice Smith, is left all of the real and personal property of the deceased in Iowa. The six sons—Fred C. Leland A. Stanley R. James R. Richard J. and Merrill G. Smith—are given \$10,000 each.

To Iowa College, Grinnell, Iowa, \$20,000 is bequeathed, and \$25,000 for an endowment fund to two nephews and one niece, \$1000 each is given. The trustees of the First Congregational Church, Osgo, Iowa, are given \$2500 to pay a debt due on the church. The same church is given \$1000 for library purposes.

The American Board of Commissioners of Foreign Missions is given \$10,000; Iowa Congregational Home Missionary Society, \$10,000; and the Congregational Church Building Society of Osgo is bequeathed \$1000.

"POSTER FOLKS" TO BE GIVEN TODAY.

"Poster Folks," a musical extravaganza, will be repeated this afternoon and evening by some 250 children at the Majestic Theater for the benefit of the Red Cross. Specially staged by Mrs. Lillian Forthright, the affair will bring to light several unique stage and lighting effects.

A number of child motion picture stars are to take the leading parts, including James Bush, Gloria, Elizabeth Keane, Doris Baker and Violet Dohay.

A chorus of more than 300 children will appear and several corps de ballet are to dance. These will include dancers from the Norma Gould, Egan, Fithian, Matilda and McAdams. Helene Louie, a graceful child dancer, and Virginia Lee Corbin will give interpretive numbers.

There will be solo numbers by Edward Quailly, who is to be assisted by sixty boys from the Urban Military Academy, Joe Morris and Stuart Chester Pollard. The latter will interpolate "We're Going to Stand the Kaiser to the Linden Tree." Miss Georgia Williams, "the star of whistlers," is to give bird calls, and there is to be a chorus of whistlers.

As a finale there will be presented a sumptuous fashion show, in which twenty-five society girls are to wear the latest gowns. The models have been loaned by the serious shops of the city and are strictly ultra. The models will include everything in feminine apparel from a bathing suit to a ball-room gown.

CAMP LOOTED.

Three tents and cooking equipment for sixty people have been stolen from the Western Bonding and Mortgage Company's camp three miles north of Lancaster, according to the report made to the police yesterday. Tracks indicating that an automobile truck was used by the thieves are the only clues left to tell of the fate of the entire camp.

WON'T RISE FOR ANTHEM, SHE'S BELIEVED INSANE.

Following her conviction in Police Judge Richardson's court yesterday on a technical charge of disturbing the peace, resulting from her failure to rise when the national anthem was sung in a room above the one in which she was sitting at the Y.W.C.A. building, Mrs. Cecilia Long, 48 years old, formerly a teacher in the public schools and sister of Dr. Charles W. Long of No. 1318 Girard street, was removed to the psychopathic ward of the County Hospital for observation.

This action was taken when Dr. Long appeared before the Lunacy Commission and swore out a complaint, charging his sister with insanity and asking that her mental condition be investigated.

Earlier in the day, when Miss

Long appeared before Judge Richardson, she was fined \$50 or a fifty-day sentence in the City Jail. The testimony showed that Miss Long was in the city of Los Angeles, and that she was being visited by the convention.
